Welcome to Taiwan

My HIV Medication

Who needs to have HIV drugs sent to Taiwan?

People living with HIV get medication from platform of online shopping

People with HIV who have medication sent by others (family/friends/medical units/civil organizations)

Procedure for sending HIV prescription drugs to Taiwan

Medication must not be sent before application is approved

Your medicine shall not be sent before you get the approval of import certificate. Prepare documents for the approval of import certificate, and apply to the Food and Drug Administration.

Why do I need to apply first?

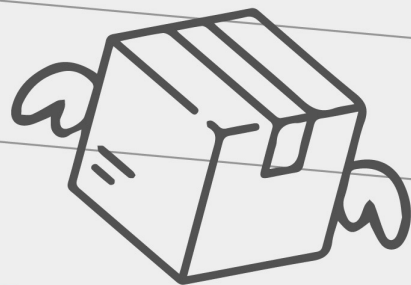

1 This is required by law

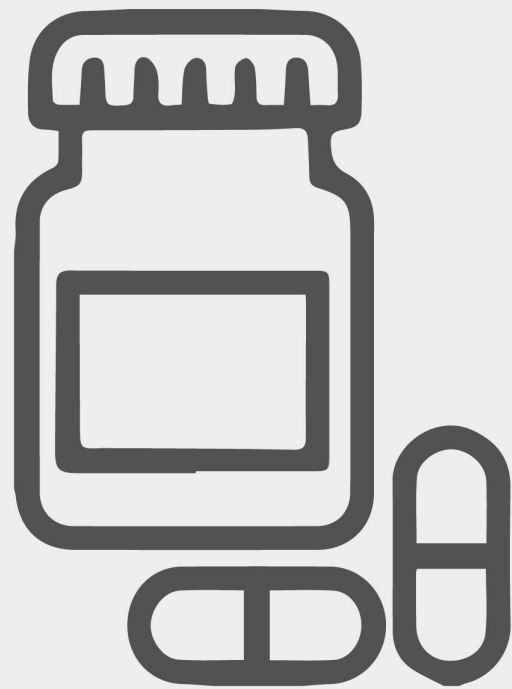

The Pharmaceutical Affairs Act and the Regulations on Management of Medicament Samples and Gifts stipulate a maximum penalty of 10 years imprisonment for importing drugs without obtaining the required permit.

2 Import Certificate

Without the import certificate from FDA, the drugs will be returned or confiscated, and the shipping company may charge storage fees.

Things you should know before applying

No application fee.

The applicant must be in possession of a legal identity document (passport or residence permit).

The imported drugs must be for personal use only.

All documents must be submitted and the spelling of names must be consistent.

Application procedure (I)

Step 1.

Enter the FDA website and register as an online member

登入 / 註冊

Click "註冊" (Register)
in the upper right corner of the web page.
